Park-"Faust."

Two squeezed-in audiences at the Park yesterday laughed at the Brocken scene; it amused instead of awed them 'to see the scanty population of hades writhing and dancing in pain amid the rain of fireworks. On the other hand, the horde of people paid a lot of good coin to Mephisto for the privilege of laughing at his work. It is hard to cheat the devil-until the last act. It would be a poor band of actors that could not make good in "Faust" if it had a complete scenic and mechanical equipment. As a spectacular show it is one of the leaders. man must be an insinuating actor to fill the part of Mephisto. Errol Dunbar has the necessary palavering voice and pointed face for the part and fits the scarlet robe very nicely. Of course, he is not Lewis Morrison, but an audience that is not familiar with Mr. Morrison's work would have no reason to criticise Mr. Dunbar. The audiences yesterday were greatly pleased with Dunbar and applauded him at every open-ing. "Faust" is dressed in bright new scen-ery and plenty of it. The Brocken scene is well worked up and where electricity is called on during the show it is at hand in full voltage. The music and singing is good at all times. A quintet, composed of Flor-ence Brooks, Frank Onslow, Charles Sax-on, William Ewing and Willard Squires, sings, and whether it be in church or in the square it is far above that usually at the prices. The voices are well trained and the selections well suited to the nature of the situations. Genevieve Kane, who plays Marguerite, is a slender, pretty girl and a worthy actress. There was no reason why the women in the audience should not suffer with her as they did. Paul Gerson was equally commendable as Faustus. He left no room to doubt the intensity of his love or agony. Mrs. Tapsfield, as Dame Martha, and William Ewing, as Valentine, were entirely satisfactory. The show will stay all week, with daily mati-

Empire-"Jolly Grass Widows." The "Jolly Grass Widows," the new show T. E. Miaco has on at the Empire this week, has the making of a great burlesque company in it. Mile. Dika, who leads the burlesquers, is an artist. Handsome, and with a figure of real beauty of outline, she makes the unfortunate selections that compose the chorus look like "has been" streetthe number, "I'm Happy When I'm By My Baby's Side," was another confirmation of the statement that they do these things better in France. There was suggestiveness in it in plenty, but so dominated by art that the element on which all these baby" songs are based was overshadowed. A number of dances and several brand new ongs were brought out in the opening burescne, which had some unnecessarily inecent lines. The olio is all good; some of it excellent. Dave Halpin's grotesque dance, n a Bowery girl costume, was what the advance man always calls a "corker." It

sort of work that would be done in that line by a scarecrow, could it come to life after losing most of its stuffing in a summer's battle with the winds. Pat Rooney showed himself to be a clever little dancer of a different order, with a good deal of individuality to his work, which was mostly the style of dancing indulged in by the "newsy" who loafs around the theater door until he gets too old to continue or lands on the stage. Mattle Rooney was a good foil to the more skillful member of the team and got in some good steps while he was getting back his "wind." Evans and Vidocq gave a good enough blackface talk, while Hayman and Hayman's Yiddisher sidewalk sketch was bright and the illustrated Hebrew parodies sung by one of them, with illustrations posed for by themselves, made a novelty that took. "Uncle Joshua's Birthday." the old City Club burlesque worked over, closed the show, with plenty of ridiculous nonsense that seems to be inherent to the variety afterpiece, and which amused the house. ## ART BUILDING SITE

Probably Will Not Be Considered at Association Meeting To-Day.

A meeting of the Indianapolis Art Association will be held to-day. It will be regular meeting and it is not expected that a site for the projected building will be selected. Several properties have been offered and others are under consideration. Among the latter is Talbott Place, at Pennsylvania and Sixteenth streets. A company organized to build houses on the property has had an option on it. H. H. Hanna, president of the Art Association, is not in the city and it is likely no action will be taken in the matter until he returns.

Incorporated. The William M. Aughinbaugh Company of this city, was yesterday incorporated to manufacture confectionery and chewing gum. The capital stock is \$2,000 and the directors are William M. ## CHAIRMAN ISSUES CALL

REPUBLICAN STATE COMMITTEE WILL MEET HERE THIS MORNING.

The Purpose Not Announced-Completion of the Local Thirty-Day Polls.

From this time on interest in local politics will grow, as the election is but four weeks off and the thirty-day city poll has been completed. The Republican State committee will meet this morning at 11 o'clock but the object of the meeting is veiled in mystery. Chairman Hernly refuses to discuss it. He arrived yesterday at noon and in the evening Charles R. Lane, of Fort Wayne, one of the members of the committee, came in the city. He said he did not know the object of the call and had simply been notified to be here to attend a meeting at 11 o'clock this morning. The surmise was freely made that the committee will consider the city campaign in In-

The Democratic city committee last evening claimed to be feeling good over the result of the thirty-day poll. Returns were nearly all in by last night, but there were a few stragglers who were late. Chairman Fanning would not make any estimates for publication. Said he: "The returns are not all in yet and I do not care to say anything until we have complete returns and are able to do a little figuring. From inspecting the poll books as they have been returned, we feel greatly encouraged. We have not and will not make any estimates until all the books are in. The poll is a large one, but that of course indicates activity and thorough work on the part of those who took the poll. From other reports I am satisfied that a large vote will be cast, as there is much interest in the election. We are well satisfied. We have what we believe to be good committeemen and a good organization. Come around and see me in a day or two. I don't want to brag, for the pub-Washington, D. At the Republican committee rooms it expected that all books will be in to-day. Chairman Logsdon was out of the city on business. The close calculations will commence on both sides to-day. The time limit of moving from one precinct to another has expired as a thirty-day residence is required. Those who move from the precinct in which they live between now and election day will lose their votes.

Third Ward Democrats. The Democratic committeemen and members of the precinct executive committees of the Third ward met last night in one of the upper rooms of Battery A armory. The meeting was a secret one, the details of precinct organization being the principal matters discussed. John W. Holtzman was president of the meeting and Myron D. King secretary. Among the notables present were: E. M. Johnson, John W. Kern and Joseph B. Bell. In opening the meeting Mr. Holizman asked for expressions from all as to the best methods for reaching each individual voter and getting him out to vote on election day. Pierre Gray took the floor and told wh so many of the Democratic votes of the city were not cast for the Democratic candidates in the last county election. He said that it was due to a lack of interest. In the midst of what promised to be a strong discourse on the merits of moral suasion, Controlle Johnson whispered audibly that a Journal reporter was in the room, and Mr. Gray dropped to commonplaces at once, while the leaders of the meeting discussed the advisability of inviting the reporter to leave. Reporters from both the Sentinel and News were present, but no one paid attention to either of them. From that time on the speeches were tame and, aside from deciding to meet regularly each Monday night

missionary work, nothing was done. The speakers were John W. Kern, Joseph B. Bell, Col. C. S. Bitzer, Dr. W. S. Beck, Pierre Gray and John F. Geckler, the Democratic candidate for city clerk. Bookwalter Organization in Ward 2. The Bookwalter Bicycle Club, of the Sec ond ward, has invited the committeemen of the ward to attend a meeting at the Northside Republican clubhouse to-night The meeting is for the purpose of strengthening the ward organization, which, the leaders say, is growing beyond expectation. The Bookwalter Club expects to have 200 members within a short time.

An Infringement of Patents.

The Bradley Stencil Machine Company of St. Louis, yesterday commenced action in the United States Court against the Elkhart Egg Case Company, the Buescher Manufacturing Company, the Acme Cycle Company, W. E. Bowman, Howard F. Smith, H. L. Young, F. A. Buescher and Fannie K. Thompson, for alleged infringement of patents. The complaint says the plaintiff owns the patents on making dies and punches, which were taken out by A J. Bradley, Oct. 26, 1892. It is charged that companies other than the Egg Case Company, made punches and dies for the Egg Case Company, which infringed the patents held by the plaintiff and that the defendants organized a fictitious company, known as the Imperia! Manufacturing Company, to make these dies and punches. An injunction is asked to prohibit them from further making these dies. All punches and dies now in the defendants' possession are asked to be destroyed, an accounting is desired and \$20,000 damages wanted. All the defend ants live in Elkhart. Another patent case was brought by the

American School Furniture Company, of Jersey City, against Charles H. Lawton, of this city. It is claimed that patents on furniture joints and fastenings in slatted furniture, owned by the plaintiff, are being used by the defendant. An injunction and

Let Pedestrians Use the Sidewalks. To the Editor of the Indianapolis Journal: The Journal some days since reported a

suit for \$5,000 damages brought against the city by a party who caught a foot "under the projecting cap of a water pipe" at the corner of Park avenue and St. Clair street. This might be a good time to inquire whether something may not be done by moral or legal suasion to prevent, in a measure, the defacement and destruction of the sidewalk lawn by people who prefer to walk on the grass or cut across the corner. It may be seen that the said offending "overhanging cap" is on the lawn-is one of several "shut offs" for water and gas, and there was ho occasion for the plaintiff to eave the five-foot cement walk to stumble over it. A beaten dusty path two and three feet wide has been worn across the lawn and the whole corner practically denuded of grass. The property owner has been heavily taxed to promote the beauty of the streets. largely for the benefit and pleasure of his neighbors, and now he is asked to pay damages to those who trample down his lawns and disregard, if not his legal rights, at least the decency and common sense ob-ligations of good citizenship. Moreover, inch or more above the level of the walk f the reckless pedestrian has the sovereign right to beat down and kick away the earth surrounding them? Is it the duty of the city or the companies to lower the pipes to correspond with the level to which the earth has been beaten down or scraped out? And is not the property owner entitled to an ordinance requiring people to keep to the walks? The fact of such a law, though it might not be possible or desirable rigidly to enforce it, would do much good and tend to improve the habits of the average citizen.

ANGEL CHILDREN. Is there any happier woman in this world than that mother whose each

successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor moth-

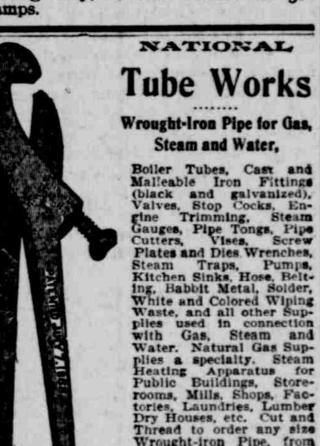

er to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to melancholy and apprehension. "About three months before our last baby was born which is our fourth), writes

Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and am Golden Medical Discovery.' I did so, and am happy to say my health began to improve and I did my work up to the last, and felt splendid.

"I got along finely during confinement, and have the healthiest baby I eyer saw. When he was three months old he weighed eighteen pounds: he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valua-

ble advice free of all charge. Dr. Pierce's great thousand-page, illlustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31
